RE: Revised Multi-Area Feasibility Study Technical
Memorandum: Preliminary Permitting/Equivalency
Requirements

Dear Mr. Erickson:

The United States Environmental Protection Agency (EPA) has completed its review of the June 23, 2009, revised Multi-Area Feasibility Study Technical Memorandum: Preliminary Permitting/Equivalency Requirements for the Allied Paper, Inc./Portage Creek/Kalamazoo River Superfund Site.

The document has adequately addressed EPA's previous comments and incorporated them into the document. Therefore, EPA approves the Multi-Area Feasibility Study Technical Memorandum: Preliminary Permitting/Equivalency Requirements.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,
